

SAMARA ALANNA ANDRADE DE PAULA

UX/UI Designer | Full Stack Developer

Colombo, Paraná, Brazil , +55 (41) 92005-8670 , sami_andrade@outlook.com.br

PROFESSIONAL PROFILE

Hybrid professional in **UX/UI Design and Full Stack Development**, pursuing a dual degree in Graphic Design and Systems Analysis & Development. I work at the intersection of design and technology, leading projects from strategic research and information architecture to technical implementation in HTML, CSS, JavaScript, PHP, and WordPress.

Founder of BORDA Design, a creative studio where I lead Visual Identity, Branding, and UX/UI projects for diverse clients. Hands-on experience with **Design Systems, Figma prototyping, responsive front-end development, API and webhook integrations, and robust form validation**. Analytical, collaborative, and results-oriented profile, focused on delivering user-centered and technically feasible interfaces.

TECHNICAL SKILLS

UX/UI Design: User research, Information architecture, Wireframes, Interactive prototyping, Design Systems, Usability testing, Competitive analysis, Nielsen's heuristics, Accessibility

Design Tools: Figma, Adobe Illustrator, Adobe Photoshop

Front-end: HTML5, CSS3 (Native variables, Flexbox, Grid), JavaScript (Vanilla, ES6+), jQuery, Bootstrap 5, Responsive Design, Animations and Microinteractions

Back-end & CMS: PHP, WordPress (Custom theme), Elementor, Webhook integration (n8n), Asynchronous Fetch/AJAX

Version Control & Deploy: Git, GitHub, GitHub Actions (CI/CD via FTP)

Branding & Graphic Design: Visual Identity, Brand Systems, Campaign Design, Art Direction

Artificial Intelligence: Claude (Anthropic), ChatGPT (OpenAI), Google Gemini, NotebookLM, Prompt Engineering, Strategic use of AI for research, ideation, and development

PROFESSIONAL EXPERIENCE

UX/UI Design Intern | TecSinapse

Remote , Feb/2026 – Present

- Develop wireframes, layouts, and interactive prototypes in Figma, applying principles of usability, typography, and visual hierarchy.
- Actively contribute to the evolution of the Design System: creating reusable components, documenting patterns, and defining design tokens.
- Implement interfaces using HTML, CSS, PHP, JavaScript, and WordPress, ensuring pixel-perfect fidelity between design and code.
- Conduct market research and competitor benchmarking to support strategic product decisions.
- Run usability tests, identify friction points, and iterate on continuous experience improvements.

Founder | **UX/UI Designer** | **Web Developer** | BORDA Design

Creative Studio – Freelance, Remote , Oct/2025 – Present

- Lead end-to-end projects in Visual Identity, Branding, UX/UI, and Web Development — from strategic research to final client delivery.

- Own client relationships, translating business needs into functional visual and digital solutions.
- Manage multiple concurrent projects, structuring workflows, deadlines, and quality standards.
- Create visual directions and digital experiences aligned with brand positioning, strengthening market presence and perception.

★ **Featured project: VOGUE Brasil Institutional Website** (*Premium motorcycle brand*)

Stack: WordPress (custom theme), PHP, Vanilla JavaScript, jQuery, Bootstrap 5, CSS3

- Built a responsive mega menu with animated submenus and full mobile adaptation.
- Implemented a banner carousel with native video (no plugins) and an interactive descending timeline.
- Developed 3 complete forms from scratch (Model Interest, Test-Ride, Contact) with robust JavaScript validations: CPF (full algorithm), phone, email with invalid domain blocking, and dynamic input masks without external libraries.
- Built State/City dependent selects integrating a JSON dataset with 5,570+ Brazilian municipalities.
- Integrated asynchronous webhook submission via n8n, with architecture ready for subject-based routing (HR, Press, Customer Service) and WordPress nonce security.
- Resolved CSS specificity conflicts between Bootstrap, theme, and custom styles using native CSS Variables, ensuring maintainability.
- Developed model pages with color selector and dynamic image swap, interactive owner's manual, floating WhatsApp button, and a custom 404 page.

★ **Featured project: BORDA Design Web Portfolio**

Stack: HTML, CSS, JavaScript, PHP, GitHub Actions (CI/CD)

- Designed a modular PHP architecture with section-based separation (header, hero, about, etc.), enabling easier maintenance and scalability.
- Built a centralized design token system using CSS Variables (colors, typography, spacing, borders) for visual consistency.
- Automated deployment with GitHub Actions and FTP integration to Hostgator (CI/CD pipeline).
- Crafted interactive components: scroll-snap carousel with swipe indicator, animated accordion, service recommendation quiz, and 3D tilt cards (requestAnimationFrame).
- Implemented a dark/light theme system with localStorage persistence and real-time PT/EN internationalization without page reload.
- Added scroll reveal with IntersectionObserver, SVG grain texture for depth, and a responsive menu with fixed dropdown on mobile.
- Fully responsive layout (desktop, tablet, and mobile) tested on iPhone 11.

UX/UI Designer | CocriarSe Career Accelerator (CocriarSe Labs)

Volunteer, Remote, Jan/2026 – Mar/2026

- Worked in a multidisciplinary team with developers and a UX Writer on digital product development.
- Participated in all stages of the design process: user research, flow definition, information architecture, prototyping, and testing.
- Developed strategic landing pages focused on conversion, applying UX, UI, and user behavior principles.
- Collaborated in a multicultural environment with professionals from Brazil, Peru, and Portugal.

Graphic Designer | Unidas Para Sempre Institution

Volunteer, Remote, Nov/2025 – Feb/2026

- Designed graphic pieces, visual content, and digital campaigns for institutional communication.
- Translated information on care and emotional support into clear, accessible visual materials.

- Ensured visual consistency and alignment with the organization's purpose across all creative deliveries.

EDUCATION

Associate Degree in Systems Analysis & Development

Universidade Positivo (UP) – Distance Learning , Currently in 2nd Semester , Aug/2025 – Aug/2027

Associate Degree in Graphic Design

Uninter – Distance Learning , Currently in 1st Semester , Nov/2025 – Nov/2027

CERTIFICATIONS

- **UX Design** — Alura , 198h , 2025
- **Figma** — Alura , 41h , 2025
- **WordPress + Elementor + Figma** — Alura , 10h , 2026
- **Software Engineering** — Universidade Cruzeiro do Sul , 20h , 2025
- **Programming Logic** — Alura , 12h , 2025
- **Front-end with JavaScript + HTML + CSS** — Ada , 6h , 2025
- **AI Fluency: Framework & Foundations** — Anthropic , 4h , 2026
- **AI Fluency for Students** — Anthropic , 3h , 2026
- **Claude 101** — Anthropic , 2h , 2026
- **Claude Code in Action** — Anthropic , 3h , 2026

LANGUAGES

Portuguese — Native/Fluent

English — Intermediate (Reading and Writing)

Spanish — Basic

SOFT SKILLS

Analytical thinking, Clear and objective communication, Multidisciplinary teamwork, Multi-project management, Proactivity and initiative, Continuous learning, Organization and attention to detail, Problem-solving
